## BUILDING DETAILS

This is an excellent neighborhood for a restaurant. The intersection of Church and Carlton is literally the border of The Village and Ryerson/TMU with Yonge Street just a big block away and the Subway with it. There is constant foot traffic here and a major attraction in the Gardens directly across the street. There are street parking options on both Carlton and Church Street, with buses going up and down Church and the streetcar on Carlton.

This building is simply gorgeous and protected giving the business a home that is free from demolition, something that is becoming harder to find in Toronto.

**Property Details:** This is a modern buildout dating back to only 2020. The leaseholds and equipment are all from that time and the unit is in excellent shape with access to common area.
